EasyKey 5100K

The best gate lock ever invented. Simple design, compact and thin. Widely suitable for installation on both inside and outside doors. Not required to remove the traditional door lock, just throw away the keys and enjoy a private space of your own.

Features: Simple and compact design
Lock: Multiple access solutions
Dimensions: Refer to specs

EasyKey 5100

Simple design, compact and thin. Suitable on any types of door. Throw away your keys and enjoy a smart and convenient access instantly. Not required to remove existing handle.

Features: Simple and compact body
Handle: Push-pull handle
Dimensions: Refer to specs

EasyKey 6100

Philips EasyKey 6100 push-pull door lock is designed to be compact and stylish. With any of the 4 unlocking solutions, you can open the door in one step. Now, forget the keys and embrace an affordable smart new life.

Features: Trend leading single-motion door opening
Handle: Push-pull handle
Dimensions: Refer to specs

EasyKey 7300

Philips EasyKey 7300 employs 4 proof durable mortise. The simple design makes the lock beautiful, elegant, eye-pleasing and functional. Philips EasyKey 7300 gives you and your family a new experience of comfort and peace of mind.

Features: Stable and lasting performance
Lock: Lever Handle
Dimensions: Refer to specs

EasyKey 9200

Everything starts from here: Ultimate convenience brought about by one-touch unlock and auto lock; Solid security ensured with the choice of dual verification and Bluetooth cloud unlock; showcasing science & tech in an ergonomic design and streamlined body

Features: Single Motion to lock or unlock
Handle: Push-pull handle
Dimensions: Refer to specs

EasyKey 9300

Enjoying the extreme convenience brought by instinctive fingerprint verification, full auto switch and infrared sensor. Link with gateway and smart door viewer makes security assured at your fingers.

Features: Safety under control in the age of IoT
Handle: Handle: Push-pull handle
Dimensions: Refer to specs

EasyKey DV001

The 170° ultra-wide-angle lens with noise cancellation infrared night vision and the 24-hour AI human body detection, allowing you to view the scenes in front of your door anytime and any- where, which makes your home much security.

Features: Visible security, touchable consideration
Size: 5.0-inch IPS LCD screen
Dimensions: Refer to specs
